

VENETO, ITALY

Veneto region is an Italian state in North East Italy. It is made up of roughly 5 million people of which there are over 2 million families. The major cities of this region include: Belluno, Padova, Rovigo, Treviso, **Venezia**, Verona, and Vicenza. We are focusing our efforts to reach the lost, make disciples of Christ, and be used by Jesus to form His church in Venezia

(Venice), in particular Mestre city - the mainland of Venice. Mestre city proper has more than 90,000 inhabitants. The province contains a total of almost 1 million people. The bulk of the secondary cities and towns that make up the Venice province have zero evangelical church presence still today. The entire Veneto region is one of the most unreached of all of Italy. For this reason we have determined in our hearts to be God's witnesses, by His grace, in this region where less than 1% of the population is evangelical with a clear understanding of the gospel and saving-faith in Jesus Christ the Lord.

To best reach the people of this region we are planting churches - sowing, evangelizing, discipleship, preaching, teaching and being used by God to form church bodies, first in Mestre and then, Lord willing to the other major cities of the region. To best fulfill our call of church planting we have now started a mission and non-profit association called Practical Missions Cohort. In short, this mission serves to recruit and train interns and both short-term and long-term missionaries to the singular task of apostolic-style church planting in postmodern North Italy. For more information about this mission or how you can get involved please visit the website at www.practicalmissions.com. We may have a specific role just for you!
